As the debut of Seán McGirr as creative director of Alexander McQueen was held in a concrete underground local, maintaining the spirit of the presentation at a rebellious distance to the brilliant Paris's glittery Paris's betclik kod promocyjny freebet second collection.

Strings eerily played as invited guests in the large cavernous hall of the École Nationale Supérieure de Beaux-Arts. Anna Wintour seemed betclik kod promocyjny freebet happy spirits while she conversed chummily with Salma Hayek, her husband François Henri Pinault the CEO of the luxury conglomerate Kering who is the owner of McQueen. A eclectic line of models included the British stylist Daphne Guinness, the American rapper

But the famous gothic and magical DNA of the brand was captured in 1994 in the choice of muse, a collection inspired by the imminent figure of Irish folklore: the banshee. "A feminine spirit whose laments or arripio'são is said to predict a death as a family member. As McGirr notably composed in the backstage after this show."

McGirr's assumption of the banshee legends, which he "grew up with - stories of my mother and grandmother told me about" - characterized by washed betclik kod promocyjny freebet pieces of chiffon dresses.

The silhouette was always central to the McQueen universe and the sharp shoulders exaggerated by the veils in the front. There were many red dresses betclik kod promocyjny freebet the red carpet, but the last shine of McGirr was "a hooded dress made by a brilliant weaver". It was he who said that it was betclik kod promocyjny freebet her own vision of the banshee dresses.

There was a line of transmission in the 1994 collection. Colours idiosyncratically cursive of the original archive were, for example: hyperbolized and seemed enormous petals peacefully inverted downwards (from head to top).

There were many beautiful red dresses ready with dramatic twists and abundance of shine.

The comb, a central object in the banshee lore – it is said that if she turns back to the house where she is and tries to recover – appeared first in the show. sketched with a pointed tip by Gonzo illustrator Ralph Steadman. But it was also "brought by the process of clothing production."

Everything is hand-combed and torn poetically.

The second collection is a famous and complicated one. Although it has been the debut, which was received with mixed reactions by the industry. "In many ways, perhaps the show of McQueen is difficult; assuming a homonymous label as rich as the bold one."

As McGirr said: "If I leave my company, I will burn it down so that no one can work there. That person would have to invent the concepts of my shows - as personal as it would be possible?" The necessity betclik kod promocyjny freebet to be at least a little derived is half-baked inside McGirr, who was the first designer not to have known Sarah Burton, the founder who died – and was in command for 13 years after her death in 2010.

For those who were there for the original shows of McQueen – and think of the house as the type inspired by the subject, death or golden rain – the choice of the local could be a betclik kod promocyjny freebet metaphor in the direction where it seems to be going with McGirr in the shadows. As McGirr said to Vogue, he wanted "to let the light in". Someone can expect a little of crucial illumination; shine in the commercial label can help a lot but also make a game well accessible:
