Live Roulette Online - A Complete Guide to Immersive Online Gaming

Ever wanted to play

with real roulette croupiers from the comfort of your own home? Well, thanks to live dealer technology, you can. Combining webcams, digital software and RFID sensors, it's now possible to play real live roulette online.

What Are Live Roulette Casino Games?

Live roulette tables are real games broadcast to you via a virtual setting. Each time you log in to Paddy Power, you'll see a selection of live dealer roulette tables covering a variety of betting limits, variants and themes. However, the one thing they have in common is that the action takes place on a real wheel, with a real ball and real people controlling the action.

Unlike virtual casino games that use RNG, live online roulette operates as if you were in a bricks and mortar venue. The only difference is that you're watching the action from your desktop or mobile rather than from the table side (so you don't have to dress up if you don't want to!).

Play Live

Roulette Online for Real Money at Paddy Power

Inside our live casino roulette lobby,

you'll find a wide variety of tables each offering the own look, feel, stakes and betting dynamics.

**Immersive Action:** Through a combination of multiple camera angles, chat options and close-ups, you can get a complete overview of the action. When you play in a land-based casino, you're cramped in and confined to a single spot on the table. Whether you go full screen or not, live roulette puts you in any position you like.

**Easy and Instant Betting:** At a physical roulette table, you have to stretch and fight to make multiple bets. Live roulette online isn't like that. With the click of a button, you can not only place a single bet but multiple bets (using the special bets). What's more, you can save your previous bet and repeat it the next spin with ease.

**Tracking the Action:** Although you can track results in a bricks and mortar venue,

you have to do it manually. Inside our live roulette lobby, the software takes care of everything for you. From a rundown of recent results to hot and cold numbers, there are tons of stats you can use to get an overview of the action.

Entertainment: In addition

to live roulette titles offering immersive action from multiple angles, our game hosts are always entertaining. After welcoming you to the table, they'll commentate on the action and engage in conversations to ensure you have the most enjoyable session possible.

To ensure you get the best experience possible, make sure you choose the right game for you and your bankroll. By scrolling through the Paddy Power Live Roulette lobby, you'll find plenty of games to suit your tastes. Once you've found a table you like, make a deposit of at least £10 and start spinning.

Popular Live

Roulette Games

What live roulette games do we offer? Well, if you look at the list below, you'll see that we cover a myriad of styles and variants.

How to Play Live

Roulette: Inside Bets and Outside Bets

Live roulette UK operates in the same way as any standard European game. At the start of a round, you can place inside or outside bets (or a combination of the two) on 37 numbers. To place a bet, all you have to do is click on the relevant section.

As a general guide, the bets you can place are:

Odd/Even

Red/Black

Low (1-18)

High (19-36)

Dozens/Columns

Six, Five, Four, Three,

Two or Single numbers

Live Roulette Minimum Stakes, Limits And Bonuses

Live roulette

betting is often cheaper than a bricks and mortar casino. Although each table has its own stakes, the minimum bet is typically between £0.50 and £1. This is slightly more than our virtual tables because there are additional costs (i.e. paying for the live dealers).

However, the increased cost does ensure these games are more immersive.

What's more, the maximum stakes are also higher, as are the potential payouts when you consider bonus jackpots. Therefore, live roulette is perfect for high rollers.

What are

the Live Roulette Numbers & Odds?

Continuing the final point we explained above, standard live roulette payouts are:

Odd/Even, Red/Black, High/Low bets = 1:1  
payout

Dozens/Columns = 2:1 payout

Six-number bet = 5:1 payout

Five-number bet = 6:1

payout

Four-number bet = 8:1 payout

Three-number bet (street) = 11:1 payout

Two-number

bet (split) = 17:1 payout

Single number bet (straight up) = 35:1

What is the Difference

Between Live Roulette and Online Roulette?

Virtual and online live roulette differ in

the way an outcome is produced. Virtual games are controlled by an RNG. This software uses a series of complex algorithms to produce a random result. This data is then turned into the animation you see on the screen. In contrast, live roulette is based on the traditional system of spinning wheels and bouncing balls.

The roulette wheel is

spun and a ball is dropped into the centre. Because the wheel is even, there is an equal chance of the ball stopping on any of the 37 (or 38) numbers. Many players prefer live casino roulette because they can see what's happening. Although RNGs are certified as fair by third-party agencies, the way they work is still a mystery to some.

Therefore, because everything is on show when you play live roulette, it gives players an extra sense of confidence.

Self-saucing puddings are magical, and everyone should have a recipe on hand. The transformation from a wet batter (in which it is hard to see the potential) to a fluffy, irresistible pudding is remarkable. I have tried many versions of them over the years – some with dates and ricotta, others with apple and caramel, chocolate fudge and beyond. This one, with elderflower and lemon, is for citrus lovers. It is delightfully tangy and can be prepared in a matter of minutes.
