Coco Games

Girls Like Games Too!

This mantra is at the heart of the incredibly

successful Coco games series, which appeals to young girls wanting to make their dreams come true. Although girls have historically been underrepresented in the gaming realm, Coco games help to remind us that girls can achieve anything they set their minds to!

Whether they are looking to plan the perfect wedding, experience life as a world-famous pop diva or simply play dress-up with an unlimited wardrobe (and none of the tidying up afterwards!), this series of online games offers a way for girls to embark on exciting adventures and bring their wildest dreams to life.

A Lack of Choice for

Players

Historically, video games have been developed and marketed with a male audience in mind. Girls, despite being actively involved in early game development, were commonly considered to be in the minority. Surveys suggest, however, that the ratio has become closer to equal and with that has come a broader variety of online games for players to choose from.
